

# Notice of Public Availability

The United States  
Department of Energy  
Announces the Availability  
of its Administrative  
Record File  
Rocky Flats Plant  
Golden, Colorado

The Administrative Record file under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) is a collection of all documents which are relied upon to select a response action for the clean-up of individual Hazardous Substance Sites (IHSS). Requirements for Administrative Records are established under section 113 (k) of CERCLA, as amended by Superfund Amendments and Reauthorization Act (SARA) of 1986. The Department of Energy (DOE) seeks to inform the public of the record file and to encourage the public to comment on documents as they are placed in the record file.

The Administrative Record file includes documents which form the basis for the selection of remedial actions at the Rocky Flats Plant. Records available to date for Operable Units 1 through 16 (OU 1-16) and the sitewide file are available for the public to review.

Written comments on the Administrative Record file should be sent to:
